

Finally! A creative space saving solution that allows retailers to stack equipment for two points of sale in one footprint. Maximize your product offering without increasing counter space usage. Creative Serving is proud to introduce:

**Space
Saving**

Double Decker

**Grow Sales
Vertically**

- Lit lower shelf with two brightness settings for enhanced product presentation
- Mirrored back panel for advanced product merchandising
- Custom branding available on side panels, Roller Grill fronts and Infinity canopies
- Two models available to fit a wide variety of equipment

DD26 28.50" Wide x 24.00" Deep

DD36 37.50" Wide x 25.50" Deep

Combined with Creative's line of Roller Grills and Infinity Heated Merchandisers the Double Decker is another one of Creative Serving's unique designs to help retailers increase food service sales in an effective and cost efficient manner.
